Kapolei, HI 96707

For Your Consideration:

- Do you support the general approach to a credit program?
- Should all properties be eligible on “day one,” versus phasing in?
- How much should the Ordinance dictate, versus DFM’s credit manual?
- Do you agree with the 60% maximum for all credits?
- Do you agree with allowing NPDES & non-structural credits to be part of the 60% (or other) maximum?
- Should treating runoff from other sites, be allowed *over and above* the 60% (or other) maximum?
- Should activity-based payments be allowed *over and above* the 60% (or other) maximum?
- Are you comfortable with the proposed credit renewal requirements (1 yr for non-single family/3 years for single family)?
- Do you support establishing a grant/rebate program?
- Should policies for grants/rebates be set in the Ordinance, or by DFM (potentially with an advisory board)?

For Your Consideration:

- Do you support the concept of a hardship program with a fixed monthly base charge for residential accounts, based on LIHEAP/150% of poverty qualification?
- Do you support the concept of a hardship program with a graduated reduction for non-profits that are land owning/leasing & paying utilities, based on demonstrated annual revenue?
- Do you support a hardship program for extenuating and ongoing financial hardship (i.e. combined fees >4% of income)?
- Do you support the proposal to limit exemptions to properties with <300 SF impervious cover and public roads?
